

OUR SERVICES

Our home stay services range from \$1000* onwards per month. Rooms are air-conditioned and most are twin-sharing with attached bathroom. We will be staying with our wards to ensure their well-being and to provide the best care for them.

Our Services includes:

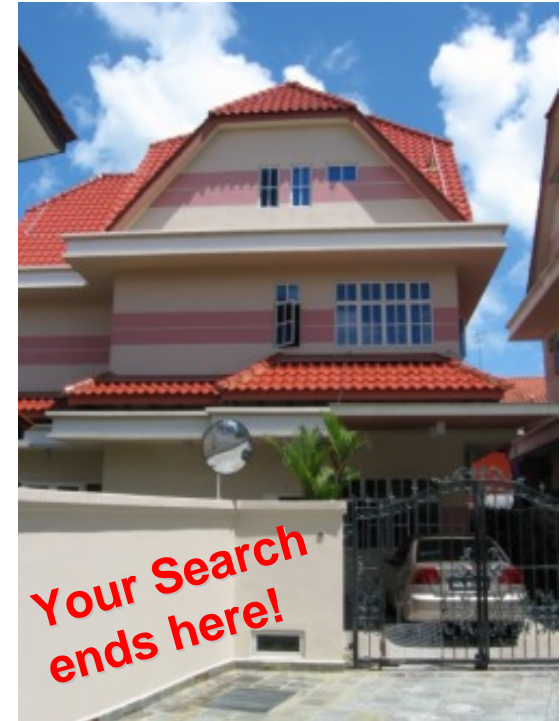

- Accommodation in air-conditioned rooms that are fully furnished(i.e. Study table/ book case/ Wardrobes)
- Food (3 nutritious home-cook meals a day)
- Laundry & ironing
- Hygiene Maintenance and daily cleaning of their rooms and bathrooms.
- Unlimited Internet access
- Free Cable TV access
- Free usage of all the facilities in the house (i.e. printer, scanner, photocopying machine, television, computer)
- Free excursions and video viewing on special weekends
- Guardianship duties (all admission procedures to schools & school's academic and administrative matters, engaging of tutors, monitoring ward's academic/ emotional and physical well being)

*Rates vary with the type of room [i.e. twin-sharing] and the package [monthly/ 3 month/ 6 month/12 month package] taken.

OUR COMMITMENT

We pride ourselves as being very responsible guardians to the wards under our care. We will monitor their studies closely as we desire academic excellence from our wards. So far, 60% of our wards have obtained top ten placing in their classes. Some have even skipped levels due to their excellent performance in the examinations, helping their parents to save a year of education charges in Singapore. We do not provide just accommodation, but a safe and conducive place for our wards to study in Singapore.

CONTACT US

You may find more details at our website <http://www.sgguardian.com>
Please do not hesitate to contact us for further enquires at 93694563 / 96364655 or email us at sg.guardian@gmail.com

Enquires on summer programme, short stays, room rentals are also welcomed!

About Us...

As Guardians

We are responsible and caring people who treat the students like our own. Utmost care would be taken to provide a hygienic, conducive and safe environment for our wards to study in. We have qualified current primary/ secondary school teachers from Ministry of Education who are familiar with the Singapore's Education System, as well as a trained counsellor to look after our wards emotional well-being. As such, we are able to assess their academic performance and provide them with professional advice on academic issues. We guide our wards and accompany them throughout their journey of studying in Singapore.

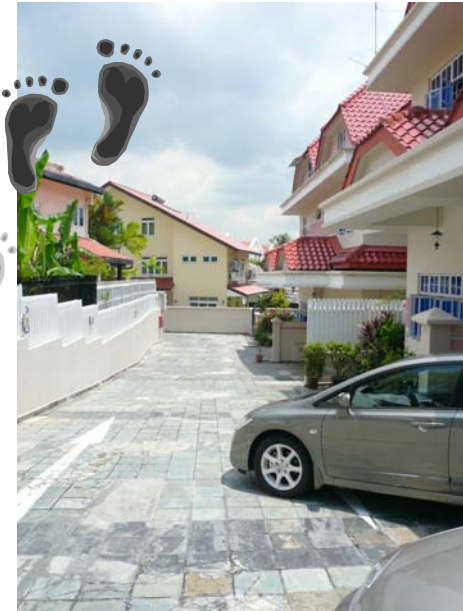

EXCEL in English

Under our Guardian's **daily** coaching in the English language, **all** our wards have shown significant improvements and have even surprised their school teachers! Immerse yourself in our English speaking home environment and see your standard of English raised day by day!
